

## Limited Time MAXIMUM INCENTIVES

Due to the pandemic Eversource and National Grid have agreed to pay up to 100% of my energy efficiency projects for all small businesses in MA.

Small businesses are the backbone of our economy and Energy Source in conjunction with your utility provider are here to help ensure their survival. Subsidizing these projects will lower customers' monthly utility bills, provide safer and more comfortable work environments, all while helping to provide new equipment that customers may otherwise not have been able to afford.

I'm hoping that you'll consider taking advantage of this offer, and if you aren't in the position to do so or you've done so already, I'm hoping you would be willing to refer to someone you know, or pass along my contact information below.

We are all in this together so please don't hesitate to reach out with any questions.
